

Systems, Components, Solutions for Plastics & Powder Handling

**6 Large Silos on Load Stands,
Verify Delivery and Usage by
Weight**

Super-Sak Loading Control Screen

**80 Channel Satake Colored
Pellet Separation System**

**Acoustic Rooms, Panels,
Blower Enclosures**

Bulk Bag Loading with Weight Control and Dust Collection

Elutriation System, Dust/ Good Product Separation from Regrind at Extruder

Cleaned/ Separated Plastic Chip Example, Dust Removal from Regrind, Custom Reprocessing System Design

Hot Air Evacuation/ Redistribution at Blow Molder

Super-Sak Load Out Weight Controls

Air Handling and Distribution, Air Make-Up Systems

Pneumatic Conveying and Storage Expanded Polypropylene

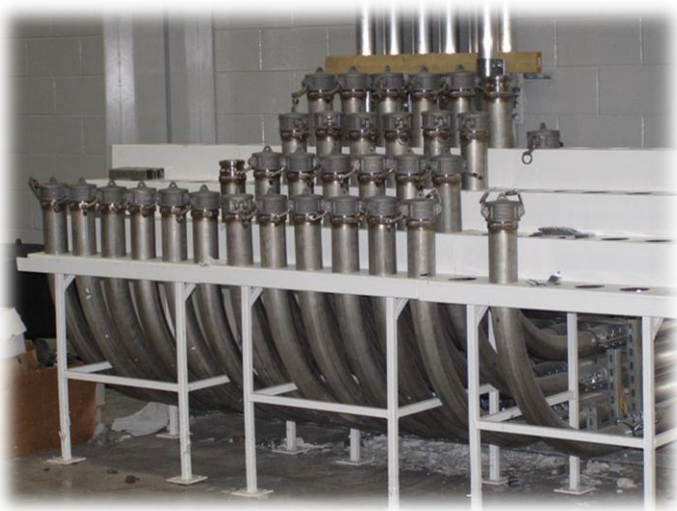

50 Cu Ft Vertical Pellet Mixer, Bulk Bag Filling, Custom Hoppers, Pneumatic Conveying

7 Silos with Digital Bindicator GP4 YOYO Inventory System, Networked to all Work Stations in Plant

Silo Weight with KM Load Stand is Solid Bolted for Safety

Pneumatic and Mechanical Conveying, Custom Manifold

Railcar Unloading System with Underground Piping, Large Extruder

Box Tippers, Bag Break Stations, Box Dumpers

PD Blower Packages

**Conveying Velocity and
Powder Flowmeters**

Custom Hoppers and Bins

Custom Screens for Trash Removal/ Sizing

Silo Inventory with No Moving Parts Laser Technology

**Level Control of Cyclones,
Receivers, Hoppers ... That
Work**

Custom Conveying System Design and Installation

**Bulk Bag Filling System with
Design, Installation, Start Up**

**Acoustic and Microwave Plug Chute and Automatic
Blower Shutdown Sensors**

**Piping Bridges and Installation, Truck and Railcar
Loading/ Unloading Systems**

Custom Conveying, Feeder and Extruder Controls

**Std and Custom Fittings
and Couplings, Flo Lined
Pipe**

**Rotary Valves and Rotating Disk Valves for High
Wear, Abrasion, Critical Service**

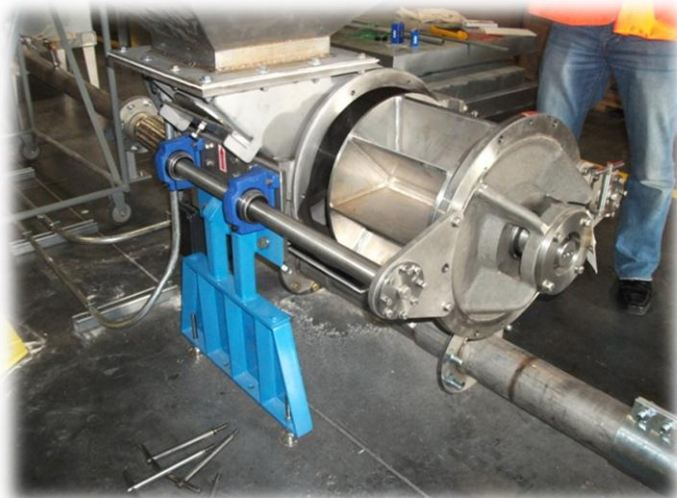

**Custom Stainless Hoppers,
Magnets, Metal Separators**

Vibrators and Flow Aids for Problem Materials

KM Ultrasonic Sensors for Silo Inventory, No Moving Parts, Ethernet Capability

Vacuum and Pressure Conveying, Quick Clean and Heavy Duty Rotary Valves

Heat Exchangers, Dust Collection

Rotating Paddle (Bindicator), RF, Tuning Fork, Microwave Level Switches
